

# Cultivating a Culture of *Prosperity*

We know that the decision of how much and where to tithe is specific to each ministry and its leadership team. In order to be successful in cultivating a culture of prosperity in your ministry, you will need to start at the top as **group consciousness cannot rise past that of its leaders.**

If your ministry's board of trustees has not attended prosperity training within the last 12 months, we strongly suggest you do so immediately. You may wish to use the **Practice of Thriving** program, which can be ordered at no cost from our Association to assist you in promoting the practice of tithing with your board and within your entire ministry.

Imagine your congregants reaping the rewards of tithing in their personal lives. Imagine how this will not only bless your ministry and our Association, but this principle in action will naturally impact the world. When we circulate our resources from the place of love and abundance, all the world prospers.

See reverse side for more details on this powerful program or call our Communications Department at 816.524.7414 to order your free Practice of Thriving kit now.

# The Practice of Thriving

Too often when we think of prosperity we think of it in terms of what we have or don't have or by what we can or cannot do. This causes us to measure our abundance by external circumstances. When we look at abundance as something that occurs outside of ourselves, we will forever find ourselves chasing an illusion of prosperity that simply does not exist.

Rather than focusing on what we have or what we wish to do, we can shift our focus on what we choose to be. Placing our focus on "being that which we have come to be" allows us to connect deeply and powerfully with our divine purpose. When we are on purpose and in the flow, everything we need to accomplish that purpose is brought forth to us.

The Thriving Ministry Model™ is about linking our abundance to who we are and what we have come here to be. The first step in that process is remembering that God is our Source. Our prosperity comes only from Source—not from our paycheck, our congregation, our job, or anything but Source. Scripture tells us that by returning to God the first 10% of our income, we will be forever blessed with the abundant flow of divine prosperity. Yet tithing continues to feel like a taboo subject rather than the gift that it is.

The Practice of Thriving 1.0 course is based on the book by master prosperity teacher Edwene Gaines, *The Four Spiritual Laws of Prosperity*. The Practice of Thriving 2.0 course is based on the long-standing book by Eric Butterworth, *Spiritual Economics*. These programs aim to support your ministry in opening fully to divine abundance. With both a board component and a congregational component, your ministry can step fully into demonstrating prosperity laws in action.

**“Without giving, the soul shrivels.  
But when giving is practiced as a part  
of Christian living, the soul expands  
and becomes Godlike in the grace of  
liberality and generosity.”**

—Charles Fillmore
