

IYOU Structure

To support the vision and purpose of the international Youth of Unity the following has been created by the structure team:

An Event Planning Team (EPT)

- A team of people who plan and implement the IYOU event will be created with one person designated from each of the YOU regions (6 youth and 2 adults) and one international representative. EPT member qualifications have been created by the structure team. The IYOU Coordinator will provide the criteria to Regional Consultants to select the individual members from their area.

Philosophy of IYOU organization

- The leadership of IYOU is a Spirit-led youth and adult partnership which honors the gifts and growing edges of its members. This is expressed through the event leadership/planning team which strives to meet the spiritual, physical, and emotional needs of all participants.
- Leadership competencies will be developed through a progressive development of leadership skills.

Bylaws

- The IYOU bylaws have been suspended and will be dissolved. IYOU was created in 1930's, before the Association was established. Research and legal counsel have determined that IYOU is a program of the Association of Unity Churches International and is under AUCI's bylaws and tax exempt status and therefore does not need it's own bylaws. In place of bylaws, there will be a set of Policies and Procedures created by the IYOU Coordinator in collaboration with Regional Consultants and Association staff.

Another structural piece is under board consideration at the moment and will be announced when approval has been granted.
